LIBRARY INFORMATION

The library plays an additional important role in our professional Institute. The library is automated using N -List E- resource software as the OPAC system is used for checking the availability of books in the library. The facility of a digital library plays an important role in accessing online resources including e-journals, databases, and e-books. The free internet access provides more flexibility than traditional physical books. Every year fixed budget is sanctioned by the management of the library and purchases is done as mentioned in every year's audited statements. library software is also available.

**Library Area: 523 SQ FT
